

ALBRECHT AE 6390

The **Albrecht AE 6390** CB radio features a large **2.4" display** and a powerful **front speaker**.

Additionally, the **VOX hands-free function** allows for communication in the vehicle without the need to hold the microphone. The radio detects when the driver is speaking and **automatically** starts the transmission. The sensitivity and delay of the VOX function can be adjusted in **multiple levels**. This makes the **CB radio** fully **compliant with the latest road traffic regulations** in Europe.

KEY FEATURES

Large 2.4" Display

good readability from various angles and dimmable backlight

VOX Hands-Free Function

allows use in vehicles without taking your hands off the steering wheel

Powerful 2-Watt Front Speaker

delivers clear, loud sound without the need for an external speaker

Auto Squelch (ASQ)

eliminates the need for constant manual adjustment of the squelch
